MARTIAL LAW LOOMS FOR BORGER

130 Persons Are Killed in Riots Over Elections in Mexico

HOME TOWN STUFF

Already customers have been making remarks about an error in a news item in yesterday's edition of this journal. It was in the item about the paving on Lee Highway, stating that the concrete mixer had been moved to a point two miles west of Thalia and that the paving would be laid from that point back to Thalia to connect with the concrete already laid from that point into Vernon.

The only trouble with that news item was that our brilliant young news gatherer meant Lockett, and not Thalia. There is only about ten miles difference between the distance from Vernon to Lockett and from Vernon to Thalia. Another slight difference is that Thalia is in Foard County and Lockett is in Wilbarger County. But why be technical about such matters? What difference does a little detail about miles and county lines make? The main reason was moved out on the highway after completing the connection into the city paving.

This calls to mind another complaint recently made by one of this newspaper's Crowell subscribers. It seemed that some time ago one of our reporters referred to the Thalia oil well as being in the Vernon district. He probably got the idea from reading the Wichita Falls papers which have been claiming Wilbarger County's oil wells for Wichita for many years. But, it will be difficult to square matters now our reporter has claimed the town of Thalia and two miles beyond as being in Wilbarger County. Relations between H. T. and certain Crowell citizens have been strained for some time. Probably now it won't be safe for him to visit Crowell, which he had been planning to do in the very near future.

News that negotiations for a bridge across Red River on highway 23 are progressing satisfactorily is very encouraging. The Red River is the main difficulty in the way of getting something started on this important road which would connect Seymour on the south with Altus on the north, running through Vernon, of course, and the north half of Wilbarger County. This is one of our most important road projects and its early completion is a result that everybody here is hoping for at the earliest possible moment.

It is learned that Dr. W. L. Rhodes will leave soon to make his home in Corpus Christi. That sounds like a strange decision for a man who has lived in the right part of Texas as long as Dr. Rhodes has. Corpus Christi is a splendid city, is growing rapidly and will no doubt become a much larger city within the next few years, but it is in the wrong part of Texas. However, they need good men down that way and Dr. Rhodes will be followed by the good wishes of the friends he has made here in the past six or seven years he has lived in Vernon.

Clint Farrell has a birthday today. He hasn't publicly stated what the actual number of this one is, but he probably isn't as old as he looks. He has always voted the Republican ticket which probably explains his appearances to some extent. That kind of living leaves its marks.

MAN ARRESTED IN DEATH OF HIS BROTHER-IN-LAW

Mt. Pleasant, Texas, Sept. 24.—(A-P)—As the result of the fatal shooting of Frank Alexander at the home of his wife's parents near here yesterday, Clyde Jenkins, his brother-in-law, was taken into custody on a bond of \$2,000 today.

Jenkins told authorities he heard a scuffle and arose from his sick bed to investigate. Entering another room, he said, he found his sister and her husband struggling for possession of a pistol.

MANY WOUNDED IN MUNICIPAL VOTING SUNDAY

Nephew of Presidential Candidate Ortiz Rubio Reported To Have Died During Riot at Vera Cruz—Several Cities Involved.

Mexico City, Sept. 24.—(A-P)—Despatches to La Prensa from Jalapa, capital of the State of Vera Cruz, today reported 130 persons had been killed and several hundred wounded in fighting connected with municipal elections throughout the state on Sunday. The nephew of the presidential candidate Ortiz Rubio was said to have died in a riot in Vera Cruz city.

Manufacturing Center.

Orizaba is an important manufacturing center with a population of 50,000 and is nationally renowned for its progress and development. Cordoba is a smaller place of 7,000 inhabitants. It is a quiet and picturesque town.

3,000 PUT TO DEATH IN CHINA

MOSLEMS MASSACRED FOR REBELLING AGAINST AUTHORITIES

Hankow, China, Sept. 24.—(A-P)—Reports from Central Kansu province today state Chinese had executed an appalling massacre of Moslems there, the victims numbering at least 3,000. Details were lacking, but it seemed the Moslems rebelled against Chinese authority whereupon they were slain.

According to reports the executions were carried out under guise of a conference with the Moslems. The victims were separated from their wives and then put to death. According to the reports the Moslems "died stoically."

It is indicated the Chinese now fear Moslem retaliations, possibly causing renewed civil war which in 1918 caused the death of many thousands of Chinese and Moslems in Kansu.

ARCH CONSPIRATOR SOUGHT IN WALL STREET THEFT

New York, Sept. 24.—(A-P)—With \$402,000 of the stolen securities recovered from a mail box, police today sought a man described as the arch-conspirator in a \$512,000 Wall Street theft, engineered through an 18-year-old messenger.

All but \$50,000 worth of the bonds were found in a loosely wrapped package in an east side mail box. A substitute post office collector who found the package said he thought it to be a bundle of waste paper and was about to discard it, then decided to take it to the post office. A clerk opened the bundle and found the securities.

Milton Alter has been under arrest since last Friday when he reported to his employers, Hiscove and Company, he had been kidnapped and robbed of \$512,000 in securities.

FORTY-FIVE PERSONS DIED IN MOSCOW RAIL WRECK

Sverdlovsk, U. S. S. R., Sept. 24.—(A-P)—Forty-five persons were killed and 26 seriously injured in the derailling of a Moscow-Vladivostok local train today, six coaches jumping the track and overturning. Ten persons suffered minor injuries.

The accident took place 60 miles from Viatka. Two coaches were reduced to fragments.

First reports placed the number of dead at 30, but as rescue parties further explored the wreckage the death list increased.

RUM RUNNER SHOT TO DEATH IN RUNNING BATTLE

Seattle, Sept. 24.—(A-P)—An unidentified man, an alleged rum runner, was shot to death in a running gun battle with Deputy Sheriff James Moore and Walter A. Reinder here today. His companion, C. Cast, 31, who was captured, said he did not know the dead man's name. The officers said they found sixteen sacks of liquor in the man's motor car.

SCOUT COUNCIL AREA REVISED AT QUANAH MEETING

Quanah Parker Area Council, Boy Scouts of America, will be reorganized into four counties. Wilbarger, Sherman, Foard and Cottle, it was decided at a meeting of the Council in Quanah last night.

The cost of administering the Scout work in seven or eight counties now included in the Area and lack of financial support in several localities were the principal reasons that prompted the decision to reorganize the area. Under the proposed arrangement a compact Area with consequent lower cost of administration and more service to each unit by the executive will be possible. Under present plans of administration a great deal of the time of the executive must be devoted to widely scattered points where little or no financial support is furnished.

It is believed that the new arrangement will strengthen Scouting because the executive will be able to spend more time in each town. Vernon, Chillicothe, Crowell, Quanah and Paducah will be the principal towns in the new Area and these towns are now carrying practically all of the financial burden of maintaining the Council. A reduced budget and more intensive work in the smaller territory, by the executive, it is believed will put Scouting upon a firm basis in the new Area.

A special committee, composed of one member from each of the principal towns, to work out plans for the new arrangement will meet in Quanah Wednesday night. Thursday night this report will be submitted to the full Council meeting for consideration and final action.

Representatives were in attendance last night from Vernon, Chillicothe, Seymour, Paducah, Quanah and Crowell.

KIDNAPED BOY IS RECOVERED

MISSING ROBSTOWN LAD IS FOUND BY POLICE IN SAN ANTONIO

San Antonio, Texas, Sept. 24.—(A-P)—An unwilling prodigal for 12 days, while he was the prisoner of a thief who unwittingly stole the family heir when he stole the family car, four-year-old Juan Ramon today looked forward eagerly to the arms of his father for whom he had cried for many days.

San Antonio police found Juan yesterday in a house in the Mexican quarter after his cry for his father had attracted attention of neighbors. The baby's eyes were so sore from tears he was taken to a clinic.

It all started when Juan took a nap in the back of his father's car in Robstown Sept. 11. While he slept, a thief, little suspecting he also was a kidnaper, drove away in the car. Fifty miles from San Antonio the thief wrecked the car, and Juan's forehead was cut. Passing motorists brought the two to town, and since that time local police have been searching for them.

The woman, in whose house Juan was found, told police a man had brought the baby to the house several days ago and asked her to take care of him. Since she said the man had not returned.

An officer from Robstown planned to start back home with Juan today.

COLLEGE PRESIDENT TAKES TREATMENT AT TER ATTACK

Kingsville, Texas, Sept. 24.—(A-P)—Dr. R. B. Cousins, president of the College of Arts and Sciences, was taking the Pasteur treatment today as the result of an attack by the school mascot, a wild hog, Sunday.

Kingsville athletes are known as the "Javelinas," Mexican word for wild hog, or peccary. Athletes at the school had obtained two of the animals for mascots and had penned them on the campus. One of them escaped Sunday and attacked Dr. Cousins, biting him several times. The animals were killed, and the Pasteur Institute at Austin reported they were suffering from rabies.

SENATE BARS AMERICAN GOOD MADE ABROAD

Washington, Sept. 24.—(A-P)—The Senate today adopted a committee amendment to the tariff bill to bar importation of goods manufactured abroad bearing American trade marks.

FLOODED RIVER MENACES NEW MEXICO TOWN

Three Deaths Reported From Area Swept by Rain-Swollen Rio Grande—Hundreds of Volunteer Workers Fighting Raging Torrent.

Albuquerque, N. M., Sept. 24.—(A-P)—The rain swollen torrent of the Rio Grande today held San Marcial, N. M., virtually in a state of siege.

Hundreds of volunteer workers, after an all night vigil, were believed today to have staved off the major menace of a broken levee, but backwater from the river was standing in the streets and all women and children had been removed to the hills.

Three deaths had been reported from the flood area.

A two-inch rain yesterday sent the river over its banks endangering hundreds of lives and hundreds of thousands of dollars worth of property. The Escobedo bridge on the mail El Paso highway four miles north of Socorro was put out of commission.

It was the second flood of the year for San Marcial. A similar rise in the river last August almost wiped the town off the map.

Sanacacia, twenty miles above San Marcial, wiped out during the August flood, was again flooded Monday night. The river changed its course and rushed through the little settlement.

The village of Polvadero, 12 miles north of Socorro, was flooded and all the people left.

"HEX" SLAYER HANGS HIMSELF

MAN AND WIFE WERE TO HAVE GONE ON TRIAL IN NEXT 2 WEEKS

Kalamazoo, Mich., Sept. 24.—(A-P)—Eugene Burgess, 53, who with his wife Pearl, was charged with the "hex" murder of Mrs. Etta L. Fairchild, 33, hanged himself in his cell in the county jail at 4:30 a. m., today. Burgess and his wife were to have gone on trial within the next two weeks.

The Burgess invited Mrs. Fairchild to their house last summer and then beat her to death, throwing her body into a well. They confessed the slaying, telling authorities they had feared the reputed power of the aged woman's "evil eye." Mrs. Fairchild, they said, was responsible for casting a "spell" over their daughter, Eugene.

RECORD-BREAKING MOHAIR TRANSACTION IS MADE

San Antonio, Texas, Sept. 24.—(A-P)—A goodly portion of fall mohair production of South and West Texas was in the hands of brokers today after a record breaking transaction here yesterday in which Draper and Company of Boston bought 3,070,000 pounds. The company paid 45 cents for the old clip and 55 cents for the kid clip.

According to J. M. Lea, buyer, who handled the deal for the Boston company, the amount is the largest ever sold or bought in one day by one company. The Schreiner Wool and Mohair Commission Co., at Kerrville furnished 1,500,000 pounds of the consignment, the Sonora growers near San Angelo produced 350,000 pounds of the total, 200,000 pounds came from the Menard Wool and Mohair Commission Company and the Rock Springs Livestock Loan Company put up 225,000 pounds. The remainder was contributed in smaller lots.

Last year the prices were 67 and 75 cents per pound.

LINDBERGH REST AFTER CONQUEST FOR AIR MAIL

Paramaribo, Dutch Guiana, Sept. 24.—(A-P)—After a conquest of time establishing a new air mail line and bringing the United States and the northeastern coast of South America 14 days closer, Col. Charles A. Lindbergh rested here today. His return flight, which will include courtesy calls to several South and Central American countries, will begin tomorrow.

A Reporter

Officials of ship corporations that employed William B. Shearer, above, have testified at an inquiry that he was hired at a salary of \$25,000 to act as a reporter at the Geneva naval armament conference.

STRIKE CLASH FLARES AGAIN

NEW ORLEANS CAR BADLY DAMAGED BY BOMB PLACED ON TRACK

New Orleans, Sept. 24.—(A-P)—A renewal of street car strike violence caused police to take added precaution today, while they simultaneously widened their campaign against "free ride" automobiles.

A South Claiborne Avenue street car was damaged badly last night by a charge of dynamite exploded beneath it. About two feet of track were torn up, and a hole was blasted through the floor of the car. All the windows were shattered. The crew of two and three negro passengers were uninjured.

Action against jitney operators followed decision of the state Supreme Court late yesterday upholding the jurisdiction of the police in the matter. The Supreme Court ruling reversed a decision of District Judge Mark M. Boatner restraining police from molesting drivers of "jitneys" who did not visibly collect fares. This now gives the officers perfect latitude in their enforcement of the anti-jitney ordinance.

Longtime ago the Public Service, Inc., offered a reward of \$5,000 for the conviction of strike dynamiters. This latest incident represented the first attempt by strike sympathizers to damage company's property since the reward was posted.

BRITISH SCHOONER HELD FOR LIQUOR RUNNING

New York, Sept. 24.—(A-P)—The three-masted British schooner Vincennes was again in the possession of the coast guard today after seizure with 10,500 bottles of liquor aboard, disguised as hams.

The ship surrendered to a coast guard cutter off Montauk Point where it had almost grounded in a bad wind. It was brought to New York where skipper, Michael Gillen, was held in \$7,500 bail and seven of his crew in \$7,500 bail on charges of conspiracy to violate the Jones and tariff acts.

The Vincennes had been seized once before by the coast guard and sold at public auction at Wilmington, Del. Gillen also had previously run afoul of the prohibition law, having been indicted last March in a \$1,000,000 liquor conspiracy case.

STABBING OF GAINESVILLE MAN NOT ACCOUNTED FOR

Gainesville, Texas, Sept. 24.—(A-P)—The mysterious stabbing of Alvin Hughes, 25, puzzled authorities today. Hughes, living 20 miles north of here, was said to have been hauled two miles in a wagon after he had received the probably fatal wounds Sunday.

His father has been in constant attendance on him and is claimed to have urged him not to make a statement. Persons living in the community where Hughes was attacked claimed to have no knowledge as to who wielded the knife.

Hughes some time ago paid a fine for assault on a man living near him.

SHIP OFFICIAL ADMITS HIRING SHEARER AS OBSERVER

Washington, Sept. 24.—(A-P)—Frederick P. Palen, vice president of the Newport News Shipbuilding and Dry Dock Corporation, testified today before a Senate investigating committee he was "more responsible than any one else" for employment of William B. Shearer, as the \$25,000 "observer and reporter" of American shipbuilders at the unsuccessful 1927 Geneva naval limitations parity.

Palen took the witness chair after Homer L. Ferguson, president of the corporation, told the committee Palen had hired Shearer and he believed he could give the details.

At the outset, Palen said Shearer asked \$25,000 to undertake the work at Geneva, but he had replied this could not be afforded.

Then he suggested, the witness continued, that the New York Shipbuilding Corporation and the Bethlehem Shipbuilding Corporation join in sharing the cost which was done.

"What were the terms of your agreement with Shearer?" asked Chairman Shortridge.

"The obligations assumed by the three shipbuilders were to pay one third each of \$25,000 and in return Shearer would go to the Geneva conference, keep us advised as to the trend and that this payment would cover all of his expenses and any commissions or fees."

REBELS SHELL CHINESE BOATS

VESSEL AT HANKOW TELLS OF DISASTROUS BLOW HIT NATIONALISTS

Hankow, Sept. 24.—(A-P)—Badly battered, the steamer Kiangcheng arrived here today bringing news of a disastrous blow suffered by the Nationalist Government forces at the hand of General Chang Fah Kwei's revolting "Ironsides" 4th Cantonese division.

Three ships transporting Nationalist troops from Hankow were being unloading on September 19 when they were heavily shelled. More than 50 men were killed and hundreds wounded. Altogether 5,000 Nationalist troops and considerable munitions were captured by the "Ironsides" troops. Two ships were captured and the third permitted to return to Hankow.

B. DANIEL NAMED ON WATER INQUIRY BOARD

B. Daniel of Vernon has been named Vernon's representative on a committee to investigate the proposed Panhandle water project, Grady Shipp, secretary of the Vernon Chamber of Commerce, said today. Following a meeting of interested cities last week in Quanah, Mayor T. D. Frizzell of Quanah was made chairman of a committee to report on supply, sources and other details of the water project.

A meeting of the committee will be held at an early date. Carl Guilan and R. R. Gilliland of Quanah were in Vernon Monday in connection with the plans for the project.

JURY EXPECTED TO GET PANTAGES CASE TODAY

Los Angeles, Sept. 24.—(A-P)—The case of Mrs. Lois Pantages, charged with second degree murder as the result of the death of Juro Roku moto, Japanese, in an automobile collision, was expected to go to the jury today after defense and prosecution attorneys complete final addresses.

Max Steuer of New York, veteran defense attorney, brought all his forensic powers into action yesterday as he battered away at the state's charges that his wealthy client was responsible for the death of the Japanese gardener.

REMODELING OF LONG STORE BUILDING STARTS

Work on remodeling the front of the building to be occupied by Cy Long's Store, next door to the Bailey Hotel on Pecos Street, was started today. The entire front is to be changed and the interior of the building will be remodeled, also. Mr. Long expects to open for business about Nov. 1.

GOVERNOR REPORTS MANY HAVE URGED HIM TO TAKE DRASTIC STEP TO PROTECT LAW-ABIDING

Austin, Sept. 24.—(A-P)—Martial law for Borger seemed near today. Governor Moody said the advisability of sending state troops to "clean up" the Hutchinson County oil town, scene of the assassination of District Attorney John A. Holmes, is being investigated.

He indicated he had a personal representative on the way to Borger and that his decision about martial law would rest directly on the representative's advice after he had viewed the situation.

"I have received numerous requests from Borger citizens to establish martial law there," Governor Moody said. "Just today I was strongly urged to do so and was told this step would provide the only relief for the 'law-abiding element.'"

He said he would receive information which would guide his decision within the next day or two.

LABOR INQUIRY IN U. S. ASKED

AGRICULTURE CHAMBER OF COMMERCE WANTS PROBE OF SHORTAGES

El Paso, Texas, Sept. 24.—(A-P)—President Hoover was asked to appoint a commission to investigate "the grave shortage of seasonal labor in the United States" in a resolution adopted by the Central Chamber of Agriculture and Commerce, representing agricultural interests of Texas, New Mexico, Arizona, Colorado and California, meeting here.

An all-day discussion of problems confronting farmers preceded the vote on the resolution, which declared there is a "grave shortage of labor in all the western and southwestern states and action for alleviating the same on must be taken at once."

New officials of the chamber are: Ray Leeman of Corpus Christi, Texas, president; C. C. Teague, Santa Paula, Calif., vice president, and R. N. Wilson, director of the California State Chamber of Commerce, secretary and treasurer.

MINISTER TO DISCUSS SIN AT REVIVAL SERVICE

Rev. Woody W. Smith, Baptist evangelistic pastor of Crowell, will speak on "Sin; God's Remedy for Sin; God's Invitation To Turn From Sin" at tonight's service of the revival in the Grogan Building in West Vernon.

The meeting is being held in cooperation with the Highland Baptist Church of Wilbarger County. A growing interest is shown in the attendance at the revival, Rev. Smith said today. He spoke on "The Great Salvation" at the service Monday night.

Services are held at 10 o'clock each morning and at 7:45 o'clock at night.

LEGE TELLS EXPERIENCE IN FARMING INDUSTRY

Washington, Sept. 24.—(A-P)—Chairman Lege of the Federal Farm Board today related his past connections with the farming industry and with the International Harvester Company before the Senate agricultural committee which began consideration of the nominations of board members who have been serving under recess appointments since the board was organized early in the summer.

LIQUOR STOCKS ABOARD FRENCH VESSEL TAKEN

New York, Sept. 24.—(A-P)—Customs officials today confiscated 800 bottles of champagne and cordials valued at \$5,000, on board the French liner Degrasse. The liquor was concealed in a water tank. No arrests were made. The captain was summoned to an inquiry to fix the responsibility for the liquor being on board his ship.

FORT WORTH AEROCODE PLANES ARRIVE IN U. S.

Laredo, Texas, Sept. 24.—(A-P)—Airplanes of the Fort Worth aerocade began arriving here this morning from Monterrey, Mexico. The last craft was not expected until this afternoon. After refueling the planes proceeded to San Antonio. The party was greeted by President Portes Gil in Monterrey yesterday.

ADDITIONAL RANGERS SPEND NIGHT IN BORGER, LEAVE

Borger, Texas, Sept. 24.—(A-P)—Four Texas Rangers who arrived here yesterday, bringing the total in Borger since the assassination of District Attorney John A. Holmes to eight, left today for Amarillo where they were to testify in Federal district court in liquor cases.

The Rangers spent the night in conference with Clem Calhoun, special investigator in the Holmes slaying.

Calhoun, accompanied by Ranger Captain Tom Hickman and Sergeant J. B. Wheatley, returned from a trip to Amarillo and Pampa last night. They said their questioning of persons they thought might be able to shed light on the assassination had been fruitless.

The liquor cases in which the Rangers were to testify resulted from a series of raids last July, in which 12 men and two women were arrested. Data Holmes had obtained in the cases still was missing.

DROWNED BOY BURIED MONDAY

FUNERAL SERVICES HELD FOR VICTIM OF TANK TRAGEDY

Funeral services for Floyd Barton, 16, son of Mr. and Mrs. T. M. Barton of 1408 Eagle Street, were held at 2 o'clock Monday afternoon at the Underwood Funeral Home with Elder A. O. Colley of the Church of Christ, and Rev. C. A. Bickley in charge. Interment was in the East View Cemetery.

Young Barton was drowned Sunday afternoon shortly after 3 o'clock while in swimming in the Bourland tank five miles east of Vernon. His companions were behind a hill dressing when they heard his cries for help, but were unable to render aid. The body was recovered about two hours later by O. O. Nevill of Vernon and was brought to Vernon by an Underwood ambulance.

Besides his parents and sisters, Misses Ethel and Eva, Mr. and Mrs. T. L. Hale, uncle and aunt of the boy and their son, Z. L. Hale, and S. B. Moody, another uncle, were here for the services.

PEACOCK TESTIFIES HE ALWAYS LOVED HIS WIFE

White Plains, N. Y., Sept. 24.—(A-P)—With a voice that trembled ever so slightly, Earl P. Peacock, youthful radio repairman, testified today he had "always loved his wife," the young girl he admits he killed and whose body he buried.

Peacock was placed on the stand to refute the state's assertion he premeditated the killing of his bride of a year, the late Dorothy Peacock. The confessed slayer described his brief married life—a marriage that his wife had called a "fake." He told of their many quarrels and the culmination when he in his rage struck her over the head and then snuffed out her life with his hands.

AUTO SALESMAN AND NEGRO SOUTH IN HOLDUP

Houston, Sept. 24.—(A-P)—A Houston automobile salesman was summoned for questioning today in the slugging and robbing last night of Albert Schlickelens, Taylor farmer, robbed of \$1,400 in cash.

Police also were seeking a negro. The robbery happened in a negro section.

SOCIETY

Mission Programs in Study Course "Talks on Soul Winning" Given at Baptist Women's Circle Meetings

Mission programs on the study course, "Talks on Soul Winning" were given at the circle meetings of the Baptist Women's Missionary Society at the different homes of the members Monday afternoon. Unusually large attendance was reported at the eight circle meetings and growing interest and renewed activity was evident in the society.

The circle reports follow:

Circle No. 1.

Mrs. Grady Shipp Honors Visitors at Bridge Party

Honoring Miss Florence Hackel, of Paris, and Mrs. Fred Yates, of Sand Springs, Mrs. Grady Shipp entertained a small but delightful bridge party Monday afternoon at her home on Wilbarger Street. In the games, Mrs. Carl Roberts was the winner of high score prize and Mrs. P. C. Gothard received the cut prize. The honor guests were presented with beautiful hand painted pictures as gifts from the hostess.

At the close of the afternoon, a delicious two-course menu was served. Dainty hand made bouquets were given as favors to each guest.

Those present were: Mrs. Hugh Bourland, Mrs. W. C. Weir, Miss Laddie Bowers, the honor guests, Miss Hackel and Mrs. Yates, and the hostess, Mrs. Shipp.

Members of Presbyterian Women's Auxiliary Hold Mission Programs at Circle Meetings Here Monday

Members of the Presbyterian Women's Auxiliary met in circle meetings at the different homes of the members Monday afternoon. Short mission programs were given at the meetings, and at the business sessions plans for a rummage sale and an all-day quilting party to be held next week were discussed.

The individual reports follow:

Circle No. 1
Mrs. T. J. McGill, Jr., was hostess to members of Circle No. 1 at her home on Wheeler Street. The meeting was opened with the devotional reading by Mrs. Linton Sullivan, followed by the mission study on "Japan". Mrs. McGill read a paper on "Koreans in Japan," and Mrs. W. P. Layne followed with an article on "Restless Millions of People in Japan." "The Conditions in Japan" were discussed by all present. At the close of the program dainty refreshments of chocolate blancmange with cream and devil food cake were served by the hostess.

Those present were: Mrs. J. M. Cooke, Mrs. Linton Sullivan, Mrs. W. P. Layne, Mrs. Fred Thompson, and the hostess, Mrs. McGill.

Circle No. 2

Circle No. 2 met at the home of Mrs. Howard Reger, 1928 Turner Street, with six members present. The devotional was read by Mrs. Reger, after which a business session was held.

Those present were: Mrs. Ed Luttrell, Mrs. Claude Bennett, Mrs. W. T. Roddy, Mrs. J. T. Carrington, Mrs. E. P. Hicks and Mrs. Reger.

Circle No. 3

Mrs. Hazel Lismann was hostess to members of Circle No. 3 at her home, 1703 Nabers Street. The song, "Tis so Sweet to Trust in Jesus," opened the meeting, followed by the devotional reading by Mrs. J. B. Copeland. Mrs. H. L. St. John discussed "Fundamentals" on the program, after which a round table discussion was held on "How To Make Our Mission Programs Interesting." The song, "More Love to Thee" followed, and it was voted to have a measuring party at the next circle meeting at the home of Mrs. Clyde Muller.

Refreshments were served at the close of the afternoon to the following members: Mrs. J. B. Copeland, Mrs. Eunice Wilson, Mrs. J. D. Thompson, Mrs. Robert Boyle, Miss Janie Boyle, Mrs. J. O. Burke, Mrs. W. T. Elliott, Mrs. B. D. Flaniken, Mrs. W. J. Kennedy, Mrs. A. P. McCelvey, Mrs. H. L. St. John, and the hostess, Mrs. Lismann.

Circle No. 4

Circle No. 4 met at the home of Mrs. E. G. Mathewson on Paradise Street. Mrs. F. L. Massie, leader, presided at the meeting, and a program on "Missions" was given with Mrs. G. A. Henderson, Mrs. J. A. Baird and Mrs. George A. Long taking part. Plans were made for a rummage sale to be held October 5 at a business session, and the meeting closed with prayer by Dr. E. L. Moore, pastor of the church.

Refreshments of sherbet and cake

were served to the following members and visitors: Dr. E. L. Moore, Mrs. George Crawford, Mrs. G. A. Henderson, Mrs. F. L. Massie and daughter, Jean, Mrs. J. A. Baird, Mrs. L. E. McCurdy, Mrs. George A. Long and daughters, Peggy and Betty, Celia Dan and Eddie Mae Mathewson, and the hostess, Mrs. Mathewson.

4 slices bacon
2 tablespoons chopped green peppers
2 tablespoon chopped onions
2 cups tomatoes
1 cup boiled rice
2 eggs
1-4 cup of milk
1-4 teaspoon salt
1-4 teaspoon paprika

Cut the bacon into 1 inch pieces. Place in a frying pan and heat slowly. When a little brown, add and brown the green peppers and onions. Add the tomatoes and rice. Add the rest of the ingredients, and pour into buttered pan. Bake in a moderate oven or 20 minutes. Turn out on a serving platter and garnish with parsley.

Pears, Bravarian, Serving Six
(Very Tempting)

1 package lemon flavored gelatin mixture
1 cup boiling water
1 cup pear juice (drained from can)
1 cup diced pears (canned)
1 cup whipped cream
1 teaspoon vanilla
1-4 teaspoon salt
1 teaspoon lemon extract
1-2 cup sugar

Pour the water over the gelatin mixture and stir until dissolved. Add the pear juice and cool. Chill until a little thick. Beat until frothy and fold in the remaining ingredients. Pour into a mold which has been rinsed out of cold water. Set in a cold place to stiffen. Unmold and surround with lemon custard sauce.

If there is not sufficient pear juice to fill the cup, add water.

Coolidge Bride and Groom Off on Wedding Trip

Plainville, Conn., Sept. 24.—(P)—Mr. and Mrs. John Coolidge were presumably somewhere in New England today, beginning a honeymoon which they hoped would bring them a fortnight of obscurity.

They were whisked away from the home of Governor and Mrs. John Trumbull, the bride's parents, at 7:30 last night in a Connecticut official car driven by a state police chauffeur, their destination unknown even to members of their own families.

Speeding away from Plainville at 50 miles an hour, ahead of showers of confetti thrown by guests at their wedding reception, they were soon lost to the view of the multitudes who converted their simple and quiet wedding yesterday into the most momentous event in the history of this 200-year-old community.

Rumor said they would spend their honeymoon touring the New England country where they were born, and would visit the Plymouth, Vermont, homestead of the Coolidges.

Former President Calvin Coolidge occupant of the White House used to advantage the hand-shaking technique developed in his most recent official capacity in greeting the long line of guests at the wedding reception.

He also consented to pose for photographs, but when he detected a lump in the Oriental rug on which he was standing, he suspected it was caused by a microphone belonging to one of the news reel men.

"What's that thing?" he said. "Take it away."

The microphone was removed, and the pictures were taken—without sound.

Road Committee Meets Wednesday at Fort Worth

ILLUSTRATIVE OF OUR DEFECTIVE POINTS

Some six years after the nation was aroused by the maelstrom of corruption uncovered at Washington, one of the principal figures in that dark chapter of American history is preparing for trial for bribery. It is conservative to say that a great number of the American people have forgotten that a case growing out of that corruption is still pending, and still more are unable to recall the name of the person to stand trial and the charge faced, so effective is time in blotting out details. And time has been given ample opportunity to work here.

Albert B. Fall is to stand trial in Washington on October 7 for bribery. It is speaking with moderation to say that he has drawn freely on the advantages which the American court system allows defendants. Fall, going to trial now, when people have almost forgotten the storm that almost wrecked an administration and aroused the wrath of a nation, is not nearly so likely to be convicted as he would have been five years ago when the people still clearly saw the tainted hand of money grasping at the national government.

Fraud and corruption figures in the leasing of naval oil reserves. One of the highest courts in the land held that the contracts had been drawn up fraudulently and all property involved was returned to the Government. In addition, the Government took possession of valuable equipment set up by the Sinclair and Doheny operations, with scarcely a protest from the oil magnates.

But no one has ever been found guilty on a criminal charge. If Fall is found guilty it will be the first conviction in five long years of prosecution in the scandal. Harry F. Sinclair went to jail, but his sentences were for contempt of the Senate in refusing to answer questions and for jury shadowing. Not one has been convicted for the corruption that the court said existed in leasing the Elk Hills reserves.

One must be an optimist to expect a conviction in the Fall case. It is easy to be lenient with one who committed an offense in the comparatively distant past. If every criminal could delay his trial five or six years, the American court system would be even less effective than it is.

SINCLAIR AND PRISON

Harry F. Sinclair seems wholly unable to understand why he cannot have his freedom since he has professed to want it. The novelty of the comparatively enviable post assigned him in prison after his conviction for contempt of court seems to have made him content to serve his term for awhile, but evidently the oil magnate has become weary of his tasks and he has requested his freedom.

CONGRESS WILL BE URGED TO REDUCE TAXES

Experts To Start Work Within Week To Determine Amount of Cut, and Treasury Is Expecting Substantial Surplus This Year.

Washington, Sept. 24.—(AP)—A substantial reduction in taxes, favored by President Hoover, will be recommended to the regular sessions of Congress next December by the Treasury to become effective next March 15, but just what form the reduction will take has not been determined.

It was learned today at the Treasury that the Government financial condition in prospect for the coming years is regarded as warranting a slash in taxes, and with this in view experts will start work within a week to determine how much of a cut can be made and how it will be distributed.

Officials who have watched the Government revenue this year, which at the close of business September 20 exceeded collections for the first two and a half months of the last fiscal year by \$118,356,480, pointed to continued prosperity and large income tax collections as the base upon which the tax reduction would be made.

Since July 1, the total government income has amounted to \$221,237,509, while the income tax collections for the fiscal year 1928 have totaled, up to September 20, approximately \$1,800,000,000, an increase over the same period of the previous year of approximately \$271,000,000. In addition, the Treasury expects to collect approximately \$500,000,000 income tax when the December payments are made.

With continued business prosper-

ity experts feel income taxes will

keep on mounting and equal if not

pass those of the last year. It has

been the experience of the Govern-

ment that each time taxes have been

substantially increased through with-

drawal of funds from tax-exempt se-

curities and their investment in

other lines.

While not predicting that the

prospective tax cut to be proposed

in December would be of the \$300-

000,000 variety, officials said it would

be large, as present indications are

the Government will end the fiscal

year June 30 with a surplus of more

than \$200,000,000 as compared with

\$184,000,000 last year.

The income payments, which changed

into a surplus last year, are counted

on to continue high when returns

for this calendar year are received

next March. Last March, the income

tax receipts amounted to \$601,363,804.

The June payments totaled \$555,256-

508 and the September payments up

to September 20 have aggregated

\$491,628,627, with ten days yet to

be reported.

HUGE STADIUM WILL BE CONSTRUCTED AT DALLAS

Dallas, Sept. 24.—(AP)—A mammoth concrete and steel memorial stadium with a seating capacity of 80,000 will be erected at Fair Park here within the next year, T. E. Jackson, president of the State Fair Association, announced today in revealing tentative plans for the structure.

The stadium, as planned, will cost approximately \$600,000, and will be financed by the fair association. The structure at first will consist only of bare steel and concrete, but it is planned later to install ornamental walls at an additional cost of \$400,000.

The present stadium a wooden structure, will seat about 17,000.

With the Six-Speed Special

International Truck

Farming calls for fast traveling these days. No time for slow plodding behind horses in the fields or on the highway. The McCormick-Deering Tractor is putting speed and certainty into the field work... and the International Six-Speed Special Truck is doing the same for the road work. Saving time, and time means money.

We are glad to be selling this combination of power and haulage. And we back it up with efficient low-cost service that helps to keep the tractors and trucks as good as the day they left the factory.

If you are a tractor customer of ours, you are acquainted with our service and our products. Let us show you that we can do just as well for you on trucks. If you are not now a customer of ours, ask us for a list and go out and check up on us.

In the meantime, we are demonstrating the new Six-Speed Special every day and we'd like a chance to show it to you.

GOEBEL IS ONLY FLYER LEFT IN MEXICO CITY RACE

Brownsville, Texas, Sept. 24.—(P)—Sole survivor of a field of six starters Art Goebel had no one but his shadow to race with as he tuned up his plane today for the second lap of the Mexico City-Kansas City air race.

Goebel planned to fly from here to San Antonio in time to eat lunch there, and then continue northward. In the meantime there was a chance that four of the five Mexican flyers who started out with Goebel yesterday, but turned back when storms blocked the airways, would make a new start today.

Goebel was the only one of the starters to fight his way through to Tampico, and he found the going rough over the mountainous portion of the route. At one time he was compelled to climb 15,000 feet to get above a storm. He reached the shore before dark last night, and a few minutes later the pilot plane, which had taken off before him at Tampico, landed, bearing a party of Tulsa and Kansas City businessmen.

Mexico City, Sept. 24.—(P)—Colonel Roberto Fierro, Mexican army ace, missing since yesterday, on an air race from Mexico City to Kansas City, turned up today at Apulco, state of Hidalgo. He was unhurt and had landed on account of the fog. Colonel Fierro gave few details of his mishap, which occurred 45 minutes after he left Valbuena, in a report this morning to the department of Civil Aviation, but ascribed his landing to bad weather and motor trouble.

STORM DELAYS TAKE-OFF OF RUSSIAN OCEAN PLANE

Seattle, Wash., Sept. 24.—(P)—Stormy weather today again forced the Russian plane "Land of the Soviets" to postpone its take off from Attu, in the Aleutian Islands, for Dutch Harbor, on Unalaska Island.

Legion Installs New Officers at Regular Meeting

Truett J. Bridges of Vernon was installed as post commander of the Albert E. Robinson Post No. 67 of the American Legion meeting last night. Dr. W. L. Rhodes retiring post commander, who is moving to Corpus Christi, was presented with an engraved wrist watch in token of appreciation of his services as post commander for the past three years, a post which he held longer than any other officer in the state.

Mrs. Rhodes, vice president of the Legion Auxiliary, was presented with a bar pin by members of the Auxiliary and Miss St. Ila Pollard, retiring secretary of the Auxiliary, was presented with a mesh bag.

The remaining officers, installed by the Legion were: Clyde D. Watts, George Long and John Gilliland, as first, second and third vice commanders, respectively; J. H. Storey, adjutant; I. W. Traxler, chaplain; A. A. Hingst, treasurer; Perry McDonald, secretary; J. K. Freese, service officer; Jim Armstrong, sergeant at arms and O. F. Stiffler, historian.

Auxiliary officers installed last night were: Mrs. Bertha A. Ross, president; Mrs. W. L. Rhodes, first vice president; Mrs. C. P. McDonald, second vice president; Miss Esther Swartwood, corresponding secretary; Mrs. George A. Long, recording secretary; Mrs. J. E. Collins, treasurer; Mrs. Jim Armstrong, chaplain; Mrs. C. Manis, historian; and Mrs. O. F. Stiffler, sergeant-at-arms.

VERNON OFFICERS GO TO DALLAS AFTER SUSPECT

Sheriff R. L. Rhea and Deputy L. D. Campbell are to return this afternoon from Dallas where they went Monday to receive Kirk Borders wanted here in connection with the burglary of a Vernon wholesale grocery house Friday night.

Borders was arrested Sunday night by the Dallas detective force after an exciting chase in the business district. Borders was arrested with the sport roadster which was taken from near the municipal building here Friday night following the arrest of A. D. King with the car. Both men are well known in Dallas police circles, according to information received here yesterday.

About \$600 worth of tobacco was taken in the burglary of the wholesale house here Friday.

Stimson's Goat Arrives at Capital

"Come and do something about this goat," came a cry to Secretary of State Stimson—and it meant that William Hamilton Bones, the pet goat of Stimson while he was governor of the Philippines, had arrived in Washington despite reports that it had been deported from San Francisco. And so Private John Haley, attached to President Hoover's stables, is shown above doing that something.

Mrs. Messick's Father Dies at Daughter's Home

Funeral services for Robert H. Gullett, 80 years old who died at 4 o'clock this morning at the home of his daughter, Mrs. J. R. Messick, will be held at the Messick residence this afternoon at 4 o'clock. Mr. Gullett had been in bad health for about a year.

Mr. Gullett, accompanied by his wife, Mrs. M. E. Gullett, came to Vernon last week from Denison to spend the winter with their children. Following the services this afternoon the body will be shipped to Pannina County where interment will take place in Fairview Cemetery near Savoy. Funeral arrangements are in charge of the Underwood Funeral Home.

Beside Mrs. Gullett, survivors are five daughters and one son. The daughters are Mrs. Messick of Vernon, Mrs. T. F. Leever of Vernon, Mrs. M. J. Roach of Denison, Mrs. R. L. Goad of Trenton, Mrs. Nanie Mercer of Phoenix, Ariz. W. A. Gullett of Savoy is the son. Other survivors are fourteen grand children and eight great grand children. Four grand children who live in Vernon are: Mrs. John Lutz, Mrs. Roy Krebs, Mrs. Clyde Bagley and Clayton Messick.

Man Convicted in Wilbarger County Is Given Parole

Austin, Sept. 24.—(P)—Automobile accident fatalities in families of two men serving penitentiary sentences prompted Governor Moody to issue furloughs to them today.

W. D. Cribbs, serving two years from Young County for violating the prohibition law, was given ten days to attend the funeral of his son killed when run down by a truck.

The mother of Bill Bogan, serving six years from Harris County for violating the prohibition law, was killed in an automobile accident. Governor Moody allowed a six-day furlough to permit the son to attend the funeral.

Charlie Byrd, convicted in Wilbarger County for the murder of Sam McClendon and sentenced to five years, was granted a general parole on recommendation of James V. Allred, formerly district attorney at Wichita Falls, six of the jurors, and others. The board of pardons also recommended the parole.

Small Girl Injured.

New York, Sept. 24.—(P)—Cotton opened steady at an advance of 12 to 18 points. Active months sold 17 to 21 points net higher on covering and trade or commission house buying influenced by the correction made in the ginning figures after the close yesterday, relatively firm cables and rains in the eastern belt. December sold up to 18.78 and March to 19.05 on this advance, but the market met considerable southern hedging or realizing and prices sagged off 5 or 6 points by the end of the first half hour.

Futures closed steady, 1 to 5 points higher. Spot quiet; middling 18.45.

New Orleans, Sept. 24.—(P)—The cotton market opened firm. Liverpool came in better than due, and first trades showed gains of 20 to 27 points. The advance was due to the minus correction of 300,000 bales in the ginning totals announced by the census bureau yesterday. There was an off after the start on rather liberal hedge selling and profit-taking. October went to 18.29, and December to 18.67, or 11 to 13 points down from the highs.

At the end of the first hour the market continued to show a downward trend owing to hedge selling. The market continued to ease slowly despite a somewhat for unfavorable weather due to considerable hedge selling and liquidation in near months before the first notice day for October deliveries tomorrow.

October traded down to 18.25 and December to 18.54, fifteen to sixteen points below the early highs. The market also rallied on a warning. At the middle of the session prices were about 6 points above the lows.

Chicago, Sept. 24.—(P)—New low record prices for the season resulted in the wheat market today from reports of rains improving crop prospects in Argentina. Word of exceptionally big arrivals of wheat at Liverpool counted also as a depressing factor.

Opening unchanged to 1c lower, Chicago wheat afterward underwent a material setback all around. Corn, oats and provisions were easy, with corn starting 3-4c off to 1-4c up, and subsequently keeping near the initial range.

Wheat closed heavy 1 1-4 to 1 7-8 a bushel below yesterday's finish. Corn closed 5-8 to 3-4c down, oats unchanged to 3-8 off, and provisions

HOWARD PAYNE PRESIDENT ANNOUNCES RESIGNATION

Brownwood, Texas, Sept. 24.—(P)—Dr. Edgar Godbold, president of Howard Payne College, today announced his resignation. He will become secretary of the Baptist state organization of Missouri.

The resignation is to take effect October 1. Dean Thomas E. Taylor probably will act as president until a successor to Dr. Godbold is chosen.

The college's board of trustees planned to meet this afternoon to accept the resignation and provide for the school's administration until a president is selected.

Dr. Godbold has been head of Howard Payne since August, 1923.

When Henry Ford Became a Schoolboy Again

The same school, the same desk, the same desk companion—and Henry Ford, one of the world's richest men, went back to school at Dearborn, Mich., the other day. Ford (indicated by arrow) is shown above at the desk where he sat years ago. At his right is Dr. Edsel Riddiman, who had the same seat with Ford in school as a youngster, and at his left is Edsel Ford, his son. Standing in the rear of the room is Earl Nelson, teacher of the rebuilt Ford school. Below, Ford is shown as he greeted children on their way to classes. This schoolhouse, built in 1861, was rebuilt by Ford on his Dearborn estate and is now a regular unit in the Dearborn school system.

INJURIES MAY HANDICAP STEERS IN DIXIE TITLE PLAY

MOORE AND FRASIER UNLIKELY TO PLAY IN FIRST TWO TILTS AND MAY NOT PLAY ANY GAMES

Dallas, Sept. 24.—(P)—The Dallas Steers, champions of the Texas League, were speeding toward Birmingham today to battle that city's Barons for southern baseball supremacy. Milt Stock and his men will reach the scene of the first two battles at 11 o'clock tonight.

Despite the fact that only a handful of fans accompanied the team from here and that no attempt had been made to raise a championship fund for them, the Steers radiated confidence when the squad of 18 left last night. While Manager Stock refused to the last to make any predictions, his men were assuring each other and any bystanders they would close out the Southern Association kings in four games—five at the outside.

Two of the Steers' biggest guns, Jim Moore and Victor Frasier, were on the ailing list, and it is doubtful either will see service until the clubs return here Saturday for the second phase of the series.

Frasier's two victories over the Spudners in the play-off left his youthful arm in a state of disrepair. The club physician advised him not to throw a ball for at least three days. The more skeptical were predicting the brilliant youngster would not get into the Dixie Series. Such an eventuality, while not probable, might prove fatal to Dallas hopes.

Big Jim Moore, who saw the last three games of the play-off from a grandstand seat, was hopeful his injured knee would be in shape by Wednesday. It still was swollen and discolored last night. If it is not ready by Wednesday, Red Harvel will be certified in Moore's place.

Dallas players eligible for the seven-game series are catchers Bischoff and Mealey; pitchers, Frasier, Glazner, Connolly, Barnabe, Martina, and Tauscher; infielders, Jeffries, Flaskamper, Stock, Morse, Davis and Ratcliff; outfielders, R. Moore, Rosenthal, Johnson and J. Moore or Harvel.

The veteran Whitey Glazner was expected to take the rubber for Dallas in the opening game at Birmingham. Ray Caldwell, another ex-big leaguer, was favored to hurl for the Barons.

BATTALINO IS FEATHER KING

ANDRE ROUTIS SMOTHERED IN FAST FIFTEEN-ROUND RING BATTLE

Hartford, Conn., Sept. 24.—(P)—The familiar figure of a Connecticut youngster, second in a span of four years, perched upon the featherweight throne today.

The new champion is Christopher "Bat" Battalino, Hartford youth of 21, one of the youngest titleholders in the history of fistfighting, to win the crown that Kid Kaplan, Meriden buzz saw, won in 1926 and then discarded because of increasing weight.

Battalino smothered Andre Routis, gallant Frenchman in a 15-round duel in Hurley stadium last night and dethroned the old champion about as he pleased.

Routis had faded considerably since he whipped Tony Cazoneri, another brilliant Italian, in New York, last summer to gather in the 126-pound bauble, but it is doubtful of the charging Frenchman at his best could have coped with the youth, speed, and all-round generalship and fighting ability of the new ruler of the little men.

Senators Making Drive for Fourth Place in League

(By The Associated Press.)
For a large part of the season, Washington provided an enigma of the American League. Picked in the pre-season dope as a club to be feared, the Senators put their backers to shame by starting badly and getting little better as the season progressed.

At the traditional turning point of the season, July 4, the Senators had an average of .382. Ten days later, when they complete the first half of the season, they had won but 30 of the 77 games for a mark of .390.

Their upward climb did not start until the middle of August, too late to do much good but since then they have been playing baseball of championship calibre. They still are below the .500 mark but have a firm hold on fifth place and some hope of climbing higher. Yesterday's victory over the Chicago White Sox by a score of 7 to 6 set their record at 69 victories and 77 defeat for an average of .473.

Only one other game was on yesterday's schedule. The St. Louis Cardinals opened a series against western opponents by batting out a 6 to 4 victory over Cincinnati. Chick Hafey decided the game in the eighth inning by driving out his 26th home run of the year with Bottomley on base. On the mound, Fred Frankhouse was more effective than Cincinnati's recruit, Ben Frey. The victory brought the Cards back to their usual place in the standing with a .500 average.

Simpson, Elder And Leland Backfield Prospects; Elder Has Had Varsity Experience

By JAY VESSELS
Sports Editor

(Associated Press Feature Service)
New York (P)—Some of the speed boys who have been burning up the cinder paths are taking a fling at running with a pigskin tucked under their arm this fall.

George Simpson, Ohio's candidate for fastest human honors, is out for a backfield berth at Ohio State.

Jack Elder, the crack Hoosier dash man, is doing his sprinting in a Notre Dame uniform with a regular backfield post virtually clinched.

Cy Leland, blonde buzzer from Texas who outstepped Simpson in the 1928 Southern Methodist relays, is a front rank prospect for the Texas Christian eleven.

It is not altogether a new thing for sprinters to take up football. Several great trackmen have tried it in the past, with only a few of them succeeding.

Charley Paddock, Southern California's oil speed king, discovered that dashing down a cinder path was one thing and running through a field clogged with tacklers was something else. One trial left him convinced that sprinting was his main athletic line.

Others of the sprinting brigade have had better luck, though. "Truck" Miller, former holder of the national intercollegiate 100-yard championship, was a fullback at Harvard, and a good one.

Frank Cuhel, University of Iowa dash man, served three seasons as a substitute halfback.

Of the three outstanding sprinters playing football this fall, Elder appears to have the best chance to stick. He is built more along the lines of a gridiron performer and was a varsity man last year.

McCarthy Trying To Curb Temper of Pitching Star

(By The Associated Press)
Chicago, Sept. 24.—(P)—A man who never loses his temper is endeavoring to teach that rare art of human conduct to one of the most temperamental pitching stars of baseball. If he succeeds, he believes his team will be the new world's champion.

Manager Joe McCarthy of the Cubs is the teacher. His pupil is Pat Malone, fiery Irishman, invincible when calm and ineffective when angry.

There is no secret about McCarthy's world series plans for Malone. He wants him in the box for the first game and for another if he comes through. Seemingly it all depends on Pat.

Temperament has been Malone's almost destructive ailment since he came into baseball. Years ago, he failed in a try out with the Giants, and then slumped badly to start off with the Cubs at the start of the 1925 season until he forgot about umpire's decisions and fans' razzing. This season he has been successful, winning 22 games and losing nine.

Malone, who is just 27, possesses probably the fastest ball in the major league hurling ranks, including Dazzy Vance of Brooklyn.

He mingles a good curve with his fast ball and has 164 strikeouts to his credit this year—56 more than the Danzler. Repeatedly he has had a game on ice waiting for the frost, however, only to become so disturbed over a decision that he loses control.

MILLER HUGGINS PASSES COMFORTABLE NIGHT
New York, Sept. 24.—(P)—Miller Huggins, manager of the New York Yankees, who is critically ill at St. Vincent's hospital, passed a comfortable night, hospital attaches announced this morning.

His temperature was 104.2 compared with the 105 degrees reported at 10:30 p. m. last night, some hours after he had undergone a blood transfusion operation.

Huggins is suffering from an infection that followed an attack of influenza and erysipelas.

SCOTT DEFEATS BIG ARGENTINE

CAMPOLO LOSES DECISION AFTER WHIRLWIND FIRST ROUND

New York, Sept. 24.—(P)—The shuffling shifty figure of Phil Scott, British champion, today occupied the heavyweight contender's position that most of the experts had reserved for the galling gaucho from the Argentine, Victorio Mario Campolo.

Scott won the ten-round decision from Campolo last night at Ebbetts Field, and, as a result, must be reckoned a with in the heavyweight derby, regardless of the outcome of the 15-round elimination match Thursday night between Jack Sharkey and Tommy Loughran at the Yankee stadium.

It was a great come-back for Scott, who was knocked out in one round at Madison Square Garden in 1927 by "Nate" Hansen, floored by the count by Paulino and close to being knocked out again in the first round by Campolo last evening.

The blond British giant had hardly had time to make a few preliminary gestures last night when he was in full retreat, doubled up and badly punished by a succession of rights to the body. It took all of Scott's defensive instinct to survive that round, but from then on he gave an exhibition of boxing skill and fine display of ring courage to outgeneral and outpoint his bigger, harder-hitting opponent.

Coaches Stress Errors as Lions Train for Tribe

A five-day period of training for the Vernon Lions, who will blast the lid from their conference schedule Saturday afternoon in a game with the Quannah Indians, started Monday afternoon with Coach W. C. Weir giving his thirty odd regulars a heavy skull practice. For over an hour Coaches and Blinon explained the mistakes of last Friday to the squad and planned their campaign for entertaining the Indians.

This week's game coming on Saturday gives the squad an extra day and only a short workout followed the skull practice of Monday.

The Lions came through the game with the Frederick Bearcats last Friday without serious injuries and the Vernon machine should be functioning smoothly Saturday. Young Johnny Gelhausen should also be in better form Saturday.

Yardage gained by Gelhausen in the season's opener last week totaled around 180 yards. He had only been out four days at the time and with ten days' training behind him for the game this week his condition should improve enough to increase his running ability.

Coach Jim Bradford's Indians are going to be looking for scraps determinedly this week. The Quannah squad has suffered three consecutive defeats and no Indian's temper can be at its best under these conditions. Coach Bradford has drilled the squad

under high pressure with a short training season as a handicap. The squad will have about 15 days of training behind them including three games when they step on the City Park gridiron this week.

The Old Sock is out of Date! AN ANCIENT PREJUDICE HAS BEEN REMOVED

That ancient prejudice which hoarded gold with the fanatical zeal of the miser has vanished. Under the sheltering wing of AMERICAN INTELLIGENCE flourish thousands of banking institutions to which the individual safely entrusts his wealth.

"toasting did it"—
Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.
YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."
"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.
Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful, corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"
No Throat Irritation—No Cough.
TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

Rural High School Session Gets Under Way, Numerous Activities Planned for Students Enrolled

The Wilbarger-Forard County Line High School District No. 10 and three elementary schools opened last week with a total of 45 enrolled in the high school and 155 elementary students. Ira V. Younger, principal of the high school and the superintendent of the district, announced today. The new high school will be known as the Five-in-One High School. It was decided by a vote of the student body.

Thirty-five students enrolled in the Haney school, 80 in the Antelope school and 30 in the Kincheol school. Plans have been completed for the moving of the Guggisberg school building to the site of the high school at the old Parsley Hill building. It is expected that the building will be moved this week.

Two new busses are to be bought

at once, Mr. Younger said, to transport the students to and from school. One bus will take the Haney high school students to the high school and go to Guggisberg district and bring the elementary and high school students on the return trip. The elementary students will be taken to the Haney school. The other bus will take the Antelope and Kincheol high school students to school and return with the Parsley Hill students to the Antelope school. This arrangement is only temporary until conditions in the district are more settled, Mr. Younger added.

The school is equipped to give students work in units needed for college and university entrance. The curricula of the school is based on the needs of rural students who live on the farm. The high school instructors are: Ira V. Younger, principal and superintendent; H. L. Williams, assistant principal, and instructor in Vocational Agriculture. Miss Dorothy Thomas is instructor in English and Mathematics. Miss Blanche Griffith is instructor in Home Economics and Social Sciences. Eighteen units of credits are offered in the high school curricula.

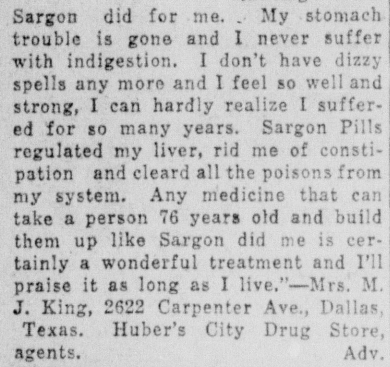

Kincheol instructors are Mrs. Milwe Lewis, principal and Miss Cyrena Smith. Clyde Norman is principal of Antelope and is assisted by Miss Lattimore, Miss Zelma Russell and Miss Gussie Russell. Mrs. Ira V. Younger is principal of the Haney school and is assisted by Luther Martin and Miss Anna May Neil.

A system of intramural games and activities is being worked out between the students of the high school and the three elementary schools. Recreation periods come at the same time and intramural contests are a natural result, Mr. Younger said.

Both the boys and girls of the high school are to be issued new basketball uniforms and equipment. Basketball practice has already been started.

THOUGHT SURE SHE WOULD DIE

"My trouble began many years ago when I had an attack of acute indigestion. I've suffered with stomach trouble ever since. At times, I had such awful attacks I thought I'd die. One spell kept me in bed over a week and I was so faint and dizzy I couldn't raise my head from the pillow. My liver wasn't acting right, I was badly constipated and my system seemed full of poisons. "It's simply amazing what Sargol did for me. My stomach trouble is gone and I never suffer with indigestion. I don't have dizzy spells any more and I feel so well and strong. I can hardly realize I suffered for so many years. Sargol Pills regulated my liver, rid me of constipation and cleared all the poisons from my system. Any medicine that can take a person 76 years old and build them up like Sargol did me is certainly a wonderful treatment and I'll praise it as long as I live."—Mrs. M. J. King, 2622 Carpenter Ave., Dallas, Texas. Huber's City Drug Store, agents.

LISTEN FELLOWS, I told you last fall your plumbing was going to freeze up, better pay me for it. It did, and you got in a hurry to get it fixed, but some of you sure have not been in a hurry to pay me. So you fellows that know you owe me, kick in, I need the money. I am in good health and do not intend to take a vacation but I want the money so I can pay my honest debts.

OIL PRODUCTION RECORDS DROP

PRORATION IN OKLAHOMA CITY FIELD FELT IN NATION'S OUTPUT

Tulsa, Okla., Sept. 24.—(P)—Proration activities in the Oklahoma City pool during the week ending Sept. 21 were felt strongly on the estimated daily average production of heavy and light gravity crude oil for that period. The Oil and Gas Journal here reported the grand total to be approximately 2,017,770 barrels, 56,152 barrels below the mark set during the week ending Sept. 14.

Mother Was Hardly Able To Walk He Says

She Was Almost Invalid for Over a Year From Rheumatism—Orgatone Ends Trouble, Says Abilene Man.

"It's a positive fact, since taking one bottle of Orgatone my mother has improved so much that it is certainly remarkable, since for over a year it has been almost impossible for her to get about like she should," said O. Flake, residing at 125 Elm St., Abilene, Texas. Mr. Flake dropped in at the Harvey Hays Drug Store recently and in conversation with the Orgatone representative regarding his mother's improvement gave the following statement:

"My mother, Mrs. W. W. Flake, really should have been in bed most of the time for the past twelve months, for she was almost an invalid, but she just would not give up. She suffered mostly from cramping pains in her stomach and sides and something like rheumatism, we tried several medicines, without finding anything that would help her.

"Everything she ate gave her severe pain in the stomach which would last several hours, making her short of breath, nervous and weak. She was restless at night and could not sleep. Many times she would have to get up and sit in a chair to get any ease from pains in her stomach, back, and sides. Her kidneys were disordered and gave her constant discomfort. She was losing weight and going down hill all the time. Nothing seemed to give her any relief and we both worried continually about her condition.

"It was a lucky day for both of us when I read one of the Orgatone testimonials in the Abilene paper and got a bottle for her. She has taken it and is now on her second bottle and looks better than she has in years. Her appetite has improved so I tell her jokingly she will eat us out of house and home. Her food digests easily and the pain in her stomach, back and sides have disappeared entirely. It is a pleasure to see her move around without complaining of the pains in her back and sides. She has no further trouble with her kidneys, and says she feels like a new woman.

"Yes, Sir, I can recommend Orgatone for what it has done for my mother and she says it has done wonders for her."

Genuine Orgatone is manufactured by one of the world's largest laboratories and is not a so-called secret or patent remedy but a new scientific bile treatment and is sold in Vernon, by the Vernon Drug Store. Adv.

tion dropped to 1,695 barrels, approximately 48,350 barrels below the mark set for the week ending Sept. 14. Remainder of the decrease throughout the United States was reported mostly in heavy gravity oil areas and in the West Texas area.

The total Mid-Continent area, including Oklahoma, West Texas, North Louisiana, Arkansas, north-central Texas and Panhandle, east-central Texas and Kansas, dropped approximately 64,115 barrels below the light oil estimate for the previous week.

The approximately 4,000 barrel total decrease in heavy oil was made up in virtually all fields in comparative amounts.

Santa Fe Springs deep drilling area moved to the front again during the week to add approximately 7,000 barrels to California's total. The remainder of the state added a total of approximately 11,650 barrels of light oil. Heavy oil dropped on the Pacific coast, while Government proration orders in that area promise to result in general decline of the whole state during the present week or shortly later.

Kansas production was 128,310, compared to 128,740 for the previous week.

Plans Made for Pink Boll Worm Fight Finances

Odessa, Texas, Sept. 24.—(P)—Definite action by representatives of West Texas counties under pink boll work quarantine regulation will be taken as a result of a conference held here Monday with state legislators and members of the State and Federal agricultural departments.

The question before the conference was whether court relief would be sought for farmers who have sustained the cost of regulatory measures, without compensation.

Midland and Big Spring Chamber of Commerce officials entered the conference prepared to fight any move for an injunction restraining the state from enforcing regulatory measures in the nine counties in West Texas under the pink boll worm control.

The movement to enjoin the state was fostered by State Representative Carl Rountree of Lamesa and Henry E. Webb of Odessa. Webb is co-author of the remuneration bill passed by the legislature but vetoed by Governor Moody on the grounds it was an ex post facto measure and therefore unconstitutional. This bill, intended to repay farmers for cost already met, carried an appropriation. Subsequently the Legislature passed a bill providing for remuneration of farmers for future costs of the pink boll worm regulation but without appropriation.

MANY SEACHERS HUNTING FOR BOY AT CLARENDON

Clarendon, Texas, Sept. 24.—(P)—Buster Gray, one of the mysterious pursuits of a three-year-old boy, presumably toddled away from home Sunday and more than 300 searchers, aided by an airplane, had not reported finding him early today.

Buster, son of Mr. and Mrs. Hugh Gray, wore a tiny pair of striped coveralls when he disappeared.

Stomach Sufferers Eat What You Like This Summer—

A teaspoonful of simple herbal compound before meals fine to end misery—New Strength, Weight and Vigor

If you only knew—you poor unfortunate who pay for almost every mouthful you eat with terrible distress and misery—who are weak, nervous and thin—who can't sleep—how quickly these troubles vanish as Tanlac straightens out stomach disturbances and gives you new strength, you wouldn't hesitate a moment about going to your druggist and getting a bottle of this splendid herbal compound.

Tanlac is as free from harmful drugs as the water you drink—only Nature's own medicinal tonic herbs. Druggists know this and for the past 10 years have recommended it to men and women who were rapidly becoming physical wrecks from stomach troubles.

The makers have so much confidence in Tanlac that if it doesn't help you—money back.

Becky Rogers To Get Treatment at Fort Worth

Fort Worth, Sept. 24.—(P)—Mrs. Rebecca Bradley Rogers will receive treatment in Fort Worth, and if any attempt is made to have her confined in an insane asylum, it will not be by her husband, Otis Rogers, he stated Monday.

Mr. and Mrs. Rogers had just returned from New Braunfels where an attorney defended her on a charge of robbery with firearms. A hung jury resulted.

"It would be an empty gesture for me or any one else to file an insanity case against her," Rogers said. "It is a fact that under the laws of Texas any person, adjudged insane, must be released when as many as two persons post a bond with the court. If she were convicted of insanity there are persons all over the state who would make this bond."

"In Fort Worth she is receiving and will continue to receive as good if not better treatment than she would in a state hospital. And certainly she would be more happy here."

Rogers said he had not been informed whether or not the case will be tried again, but added: "We will be ready for trial any time if the case is ever set again."

The Kick Requires More Than The Toe

THE driving power behind the toe of the gridiron warrior is not acquired in a single day. It requires many an hour of hard work building up, step by step, a reserve force of energy, accuracy, strength.

Neither is financial success acquired over night. It requires the day-by-day building of a reserve fund, deposited where helpful bank associations add much to the value of the account.

We will be glad to safeguard your funds and aid in any way that will help you to roll up a good score in the game of life.
